

Dandelin's number treasure hunt

Do you like to search for hidden treasure like Dandelin does? Then Dandelin's number treasure hunt is perfect for you!

First, print out the template and cut out the cards with the numbers. Then, hide the individual numbers around the house. One child can search for the numbers.

Take the table with you on your search. Whenever you find a number, colour it in on the table and say the number out loud. When you've found all of the numbers, bring the cards back in the right order and say all of the numbers out loud again.
